

Double Trouble Golf - Doubled

Our tournament is taking shape for a great golf outing. The tournament will be on Friday, August 30th. We will be playing at a course that provides views and enough challenge to keep the tournament interesting, but not too difficult. We are working on the details and expect to have everything set up within a few months, including the use of course club rentals. All we need is 20 players (5 foursomes) and the transportation will be included in the final costs, as will the box lunch and tournament prizes. The courses will include the use of the driving range and putting green to “warm up”. Remember, it will be Las Vegas in the summer so wear light weight clothing and bring sunscreen! There will be water available on the courses.

Those that want to play on Sunday morning will get an extra treat. The course we will be playing, not the same as on Friday, will also provide transportation, for the same number of players (20) at no added cost. And again, the use of the driving range and putting green is included.

Please note that virtually all public and semi-private courses close on Tuesday, September 3rd for overseeding. That means the course will be a bit dry, it is the desert, but they will be very playable.

The only requirements are for us to be on time, no food or beverages that are not purchased at the courses, and that we have a great time.

We look forward to seeing you “on the courses”!

Please email jergmar@gmail.com if you plan on playing so we can keep you informed.
